Our company recognises the importance of preventing the loss of resin pellets into the environment and is committed to implementing the Operation Clean Sweep® programme.

We will be an OCS Programme Partner, strive towards "Zero Pellet Loss" and make changes to:

- 1 Improve our worksite(s) set-up to prevent and address spills,
- 2 Create and publish internal procedures to achieve «zero pellet loss» goals,
- 3 Provide employee training and accountability for spill prevention, containment, clean-up and disposal,
- 4 Audit our performance regularly,
- 5 Comply with all applicable local and national regulations governing pellet containment,
- 6 Encourage our partners (contractors, transporters, etc.) to pursue the same objectives.
